

# QH-absorb®

**Supports Heart Function and Antioxidant Status\***

**Jarrow FORMULAS® QH-absorb** is the more bioavailable, active-antioxidant form of CoQ10. Utilizes the Q-absorb® natural, proliposomal delivery system for enhanced absorption.\*

**PRODUCT CATEGORY**

**Co-Q10 Products**

## Who Can Benefit From this Product?

Designed for those who seek the superior absorption of ubiquinol for cardiovascular health. May be particularly useful to older consumers who may not activate CoQ10 sufficiently.\*

## What Distinguishes this Product?

- Active antioxidant (reduced) form of CoQ10 – ubiquinol
- Ubiquinol is significantly better absorbed than the traditional ubiquinone form of CoQ10
- **Jarrow Formulas** has 25+ years experience with CoQ10 products
- Synergistic bioavailability through pairing ubiquinol with the **Q-absorb** natural proliposomal delivery system\*

## How Does Each Active Ingredient Function in this Product?

**Ubiquinol**

The active ingredient in **QH-absorb** is an integral molecule in the body's CoQ10 cycle, which is critical to generating cellular energy. It also acts as an integral antioxidant in circulating LDL molecules protecting the body from oxidative stress.\*

### Supplement Facts

Serving Size 1 Softgel

	Amount Per Softgel	% DV
Ubiquinol (Kaneka QH™)	(30, 100, 200) mg	*
Vitamin E (as gamma tocopherol)	4 mg	*
